SUMMARY OF TIME CHARGES BY CATEGORY

FROM OCTOBER 1, 2023 THROUGH SEPTEMBER 30, 2024

Case Administration

This category includes general tasks that were performed in order to properly administer these bankruptcy cases that are not attributable to any other specific category. A significant amount of services were incurred in connection with the *DEBTORS' MOTION FOR ENTRY OF AN ORDER AUTHORIZING AND APPROVING THE CONVERSION OF THESE CHAPTER 7 CASES TO CASES UNDER CHAPTER 11* [D.I. 832] (the "Conversion Motion") seeking the unique and extraordinary relief to convert the Debtors' pending Chapter 7 cases to Chapter 11 cases. Applicant assisted the Trustee and Counsel in connection with opposing the requested relief asserted in the Conversion Motion, including but not limited to preparing analysis of the Trustee's administration of the cases to date and responding to discovery requests. Further, Mr. Homony was deposed in connection with the Conversion Motion discovery. Ultimately, the Trustee negotiated a consensual resolution to the Conversion Motion which will substantially benefit the Debtors' estates and creditors. The Order approving the terms of the resolution was entered by the Court on November 26, 2024 [D.I 998].

SUMMARY OF TIME CHARGES BY CATEGORY

FROM OCTOBER 1, 2023 THROUGH SEPTEMBER 30, 2024

Avoidance Actions

Services rendered in this category include the identification and preliminary analyses of transactions during the 90-day period, and one-year period for “insiders”, preceding the petition date to evaluate potential preferential transfer recoveries. The review included thousands of transfers, totaling in excess of \$120 million. Additionally, a significant amount of time was incurred reviewing the Debtors’ records to identify information substantiating these transfers including but not limited to bank statements, wire documentation, and vendor invoices and agreements. The Trustee anticipates sending initial demands to 350+ targets in the near term.

AKORN HOLDING COMPANY, LLC, ET AL.

SUMMARY OF TIME CHARGES BY CATEGORY

FROM OCTOBER 1, 2023 THROUGH SEPTEMBER 30, 2024

Tax Issues

Services rendered in this category include the identification, compilation, review, analysis and reconstruction of the Debtors' books and records for the preparation of Debtors' income tax, payroll and information returns and other required reporting by the Debtors. A significant amount of time was spent in the review, analysis and reconstruction of the Debtors' tax records for the Debtors' prepetition activity and sale issues necessary to prepare and file the Debtors' required 2022 and 2023 federal and state tax returns (in excess of 30 states requiring returns). Additionally, Applicant interacted with the Debtors' payroll reporting provider (ADP) necessary to obtain copies of previously filed payroll reports and to coordinate ongoing payroll return and reporting required by the Debtors. Services in this category also include the analysis and response of tax-related inquiries from various government tax authorities.

Services also included the compilation and analysis of data in response to an IRS audit related to a substantial refund requested under the CARES Act in excess of \$20 million as well as other analyses and responses to inquiries from government tax agencies.

Applicant prepared required payroll tax calculations and returns in connection with multiple interim priority distributions made to hundreds of former employees during the 3rd quarter of 2024. The Trustee has prepared and filed quarterly payroll returns with the IRS as well as 10 additional states for which withholdings were required as a result of these distributions.

SUMMARY OF TIME CHARGES BY CATEGORY

FROM OCTOBER 1, 2023 THROUGH SEPTEMBER 30, 2024

Asset Preservation and Recovery

Services rendered in this category represent the identification, compilation and analysis of financial and other related information to assist the Trustee and his professionals in the process of liquidating, collecting and maximizing recoveries of the Debtors' assets, including the due diligence process for the sale of the Debtors' assets. Applicant engaged with various third-parties interested in the Debtors' assets, compiling, evaluating and analyzing Debtor data and responding to various inquiries and information requests which culminated in a competitive multi-party, multi-day auction in which the Debtors' assets were sold.

As part of services in this category, the Applicant assisted the Trustee with respect to identifying, preserving and maintaining the Debtors' manufacturing, distribution and R&D facilities in order to maximize value for the benefit of the Debtors' estates and creditors during the liquidation process. The Applicant interfaced with counsel, investment banker, lender and their representatives regarding budgetary, liquidation, sale and recovery issues throughout the period of this Application. As a direct result of the auction's success and subsequent sale closings, the Trustee has paid in full the secured lenders in excess of \$208 million.

Additionally, the Applicant spent significant time addressing matters and issues related to the Debtors' drug products in the market and drug inventory stored at the Debtors' various facilities given the immediate cessation of operations as a result of the Debtors' chapter 7 petitions. This category also includes travel time required for services in this category, billed at one-half the actual time incurred.

Further, the Applicant has undertaken substantial efforts to investigate, identify and compile data and support and prepare analyses necessary to pursue the Debtor's pre-petition accounts receivable. The Trustee is continuing his efforts in the pursuit of pre-petition accounts receivable.

To date, the Trustee has recovered gross proceeds in excess of \$345 million from his administration of the bankruptcy cases, including the following significant achievements:

- \$310,850,000 Auction Sales Proceeds
- \$9,350,000 Accounts Receivable Collections
- \$2,350,000 Escrow Recovery
- \$1,100,000 Miscellaneous Asset Sales Proceeds
- \$2,100,000 Insurance Refunds

SUMMARY OF TIME CHARGES BY CATEGORY

FROM OCTOBER 1, 2023 THROUGH SEPTEMBER 30, 2024

Claim Issues

Services rendered in this category include the preliminary review and analysis of over 1,400 proofs of claims asserted by various creditors in this matter, the information contained in the books and records of the Debtors, including the Bankruptcy Schedules, as well the preparation of interim distributions to creditors. Applicant assisted the Trustee and Counsel in the preparation of numerous administrative, priority and general unsecured interim distribution motions [D.I. 836, D.I. 920, D.I. 954, D.I. 999 and D.I. 1000] resulting in aggregate distributions in excess of \$8 million to holders of allowed claims, including an approx. 20% recovery for general unsecured creditors. Further, the Trustee will be commencing numerous omnibus claim objections in the near term to address disputed claims.

Further, Applicant assisted in evaluating claims and damages asserted against the Debtors' estates in a class action adversary proceeding commenced in the Bankruptcy Court, pending at AP No. 23-50117 (the "WARN Action"), under the Worker Adjustment and Retraining Notification, or "WARN," Act, 29 U.S.C. § 2101 et seq. ("Federal WARN Act") and the New York Worker Adjustment and Retraining Notification Act ("NY WARN Act") New York Labor Law ("NYLL") § 860 et seq. (collectively, the "WARN Acts"). After the exchange of informal discovery and substantial negotiations, the Trustee reached a settlement to resolve the pending adversary and similar claims asserted by 958 former employees related to the Warn Acts. An Order (I) Preliminarily Approving the Settlement, (II) Certifying a Class of WARN Act Claimants for Settlement Purposes Only, (III) Appointing Class Counsel and Class Representatives, (IV) Approving the Form and Manner of Notice to Class Members of the Class Certification and Settlement, (V) Scheduling a Fairness Hearing to Consider Final Approval of the Settlement, and (VI) Granting Related Relief was entered on November 19, 2024 [D.I. 993].
